Hydrogen fluoride · RHF / Cartesian 6-31+G* · fixed geometry
Dipole beyond linear response
Relaxed SCF
Through beta
Through gamma
Nonlinear dipole / (10⁻⁶ e Bohr)
Electric field Fz / au
beta: validation and noise floor
AD of lower response + FD
Independent PySCF fit
Absolute error / au
Field step / fit half-window / au
gamma: validation and noise floor
Absolute error / au
Field step / fit half-window / au
